

Rachelle

M/Y RACHELLE HOLDINGS, LTD

January 21, 2003

To Whom It May Concern:

RE: Stuart James Carter

Stuart Carter was employed as Captain on the M/Y Rachelle (115 ft.) from May 2002 – January 2003. During his time as Captain onboard he has proven to be honest, reliable and very capable. His leadership qualities, the putting together of a great team, and achieving high standards of both professionalism and improvements of the vessel have been noticed by owners and other crew alike. Stuart has proven himself to be very committed and loyal, and is both respected and genuinely liked by his crew.

Stuart joined the vessel in Palm Beach, Florida for the Atlantic crossing to Palma Mallorca, Spain. Here he began a very busy Mediterranean season, cruising France onto Monaco for Show Boats and then to Italy for a shipyard period in Viareggio, where everything was achieved on the scheduled date. Upon leaving Italy Stuart continued onto Corfu, Greece for a charter throughout Greece and the Islands. After the season ended, the vessel was based in Palma so work could be completed to insure a safe passage back across the Atlantic to the Caribbean for a private charter from St. Maarten through the US and BVI Islands.

I have no hesitation in recommending Stuart to any future owner. His ability to interact easily with others and his hands on approach make him an asset. We wish him all the best in his future endeavors.

Sincerely,

Donald R. Tomlin, Jr.
Vice President
